## **RFP 23:10 Consulting and Representation Services – Disaster Recovery**

**1. Do all positions on Attachment A have to be filled out?**

These are options for positions. Should only fill out positions offered by your company.

**2. Debris monitoring is generally a separate contract as is debris hauling from consulting services. Can this contract be partially awarded minus the debris monitoring/hauling? And are there separate RFPs for debris to be expected?**

It is not the actual action of a construction company handling the debris. It is the fee for the consultant to be there monitoring the activity. Either LPSB or our consultant need to be onsite to monitor how the removal is handled

**3. Is there an incumbent? If so, please provide the name. If not, who as the last vendor used by LPSB?**

ICF is the incumbent.

**4. Is this for legacy, future, or both?**

Future

**5. The newest required federal contract clauses are not included in the CFR 200 Compliance section. Will these be added to the contract once an award has been made?**

Page 12, Item 4 under CFR 200 Compliance Language states, “the above CFR 200 requirements have been identified as being the most relevant provisions which will affect LPPS and the vendor while executing the project. *However, the vendor is responsible for complying with CFR 200 in its entirety throughout the project lifecycle.*”

**6. Please clarify the proposal submittal instructions. Are hard copies required or can the proposal be submitted online only at centralbidding.com?**

The proposals can be submitted electronically only at centralbidding.com

**7. Please clarify Attachment A. Are hard copies required? Can Attachment A be submitted online only?**

It can be submitted electronically only at centralbidding.com

**8. Are proposers permitted to take exception to any requirements listed in Section VIII: Requirements; C. Specific Duty?**

If exceptions are needed, please make known in proposal response

**9. Will LPPS allow for travel, per diem, and hotel costs to be reimbursed? If so, does LPPS want us to include costs in hourly rates or separately?**

No, we do not pay per diem, etc.
